

We are looking forward to seeing you for your upcoming appointment!  
To keep us all safe, we have instituted some protocols.

First, please call to **cancel** if you cannot make it or if you or anybody you are in contact with, has had a fever or any illness.

Second, protocols in place:  
we will have **hand sanitizer** to use when you enter.

After sanitizing your hands, we will also provide **masks and gloves** for your personal use. We would like you to change into our masks and gloves so that nothing will be brought in to the office that could contain contaminants.

We will take your temperature with a touchless thermometer.

Please be sure to have **all makeup removed** prior to coming in if you are going to have a procedure done on your face.  
The **bathroom will be closed** during this time (sorry!).

No food, drinks or pets, and please only use your cell phone if necessary.  
*The less you come in with, the better!*

Try to have your **Brilliant Distinction Rewards activated BEFORE** you come in if you are having Botox or fillers.

We will also wear mask and gloves, changed between each client, and full sanitation with hospital grade sani-wipes for all surfaces

**We appreciate you being on time** so that we will not have more than one client in the office at a time.

Please email or call if you have any questions or concerns.

Thank you for helping us all stay safe.
